 - Verification of income may be required if the amount appears excessive in relationship to the overall financial picture.
 - Spouse/homemaker face amount is generally limited to 50% of working spouse coverage up to a maximum of \$1 million.
 - An equal amount of coverage up to \$1 million can be considered for mortgage protection, young families or other needs.

Ages	Income multiples

41-50	20x
51-60	15x
61-65	10x
66 and over	6x

- Maximum face amount is typically not more than \$250,000*, and generally should not be more than the household income
- Insurance coverage should not be excessive in relation to family income and net worth
- All children within the family should be insured equally
- Both parents should be insured and have an amount of coverage significantly greater than the children (minimum at least twice the amount of coverage on the children)
- College student coverage is generally limited to 250,000 for undergraduate and from \$500,000 to \$1,000,000 range for Graduate and Professional Schools. Note that Federal Student loans are forgiven at death, so there shouldn't be a need for coverage to repay federal student loans.

Coverage up to 100% of the loan amount may be allowed if business owner is the sole proprietor or a personal coverage need exists. A personal beneficiary should be named and the policy should be collaterally assigned to the lender.

Foreign travel & foreign national guidelines

Foreign travel guidelines

The Swiss Re Life Guide will be our primary resource for underwriting risks related to foreign travel. These guidelines address the country(ies) being visited, as well as other risk factors such as the specific region with the country, purpose of the travel, occupation, frequency and total duration. After consideration of all risk factors, short duration travel may be eligible for more favorable rate classes. In addition to the information provided on the application, a foreign travel questionnaire may also be required.

Additional considerations include:

- Purpose for and specific location of the travel.
- Short term travel is defined as 8 weeks or less annually. Durations of up to 6 months annually will be considered as "travel" under these guidelines. For our purposes, travel durations of more than 6 months annually will be considered as foreign "residence."
- All benefits and riders will be individually underwritten.
